Professional Summary

Results-oriented Computer Science student with experience developing scalable web applications, responsive user interfaces, and backend services. Skilled in JavaScript, React.js, Node.js, MongoDB, HTML, CSS, and REST APIs. Strong foundation in software development, problem-solving, and collaborative project execution.

Projects

Online Exam Management System

- Developed an online examination platform with login/signup, timer, auto-submit, and result analysis features.
- Implemented fullscreen exam mode and tab-switch detection for enhanced exam security.
- Technologies Used: HTML, CSS, JavaScript, React.js.

Nearnest Safe Housing

- Built a housing platform to help users find secure nearby accommodations.
- Designed responsive UI and property listing functionality.
- Technologies Used: Tailwind CSS, React.js, Node.js, Express.js, MongoDB.

GLB Portal

- Developed a student portal for managing academic notices and resources.
- Integrated frontend and backend with database connectivity.
- Technologies Used: React.js, Node.js, Express.js, MongoDB.

Education

GL Bajaj Group of Institutions, Mathura (AKTU, LUCKNOW) 2023 – 2027
Bachelor of Technology (B.Tech) in Computer Science and Engineering
CGPA : 7.94
10th : 66 (CBSE)
12th : 64 (CBSE)

Technical Skills

Programming Languages	Java, Python, SQL, C++
Frontend	React.js, HTML5, CSS3, Tailwind CSS, Responsive Design
Backend	Node.js, Express.js, REST APIs
Database	MongoDB, SQL
Tools	Git, GitHub, VS Code, Agile Methodologies

Certifications

- Completed certifications in Web Development and Programming Fundamentals.
- Participated in coding contests, hackathons, and technical workshops.

Additional Information

- Strong understanding of Software Development Life Cycle (SDLC).
- Excellent problem-solving, debugging, and teamwork skills.
- Passionate about learning emerging technologies and building impactful software solutions.
